Business Development & Project Management

### Welcome to a new year with Big Science Sweden!

At Big Science Sweden, we are convinced that 2021 will be yet another very fine Big Science year. We are so pleased to see how our member companies continue to win new orders from the research facilities. Our discussions with various people out at the different facilities reveal how much they appreciate the specialist expertise offered by Swedish companies and the ease of collaboration.

Make it a habit to connect to Business Corner on Wednesdays to make sure you don't miss any news regarding procurements. In 2021, we will be inviting technical experts from the facilities so you can get instant answers to your questions and a direct contact for further discussions. Get in touch to let us know what types of contacts would be beneficial to you, so we can then find the right people to invite in.

The next items in the Calendar to keep an eye on are [Big Science Morning with FAIR \(4/2\)](#) and [Big Science Business Forum Webinar \(18/2\)](#).

## AQ Elautomatik to supply power converter racks to CERN

The Big Science Sweden member company AQ Elautomatik, which has previously supplied orders to ESS and MAX IV, has now won its first order from CERN. Congratulations!

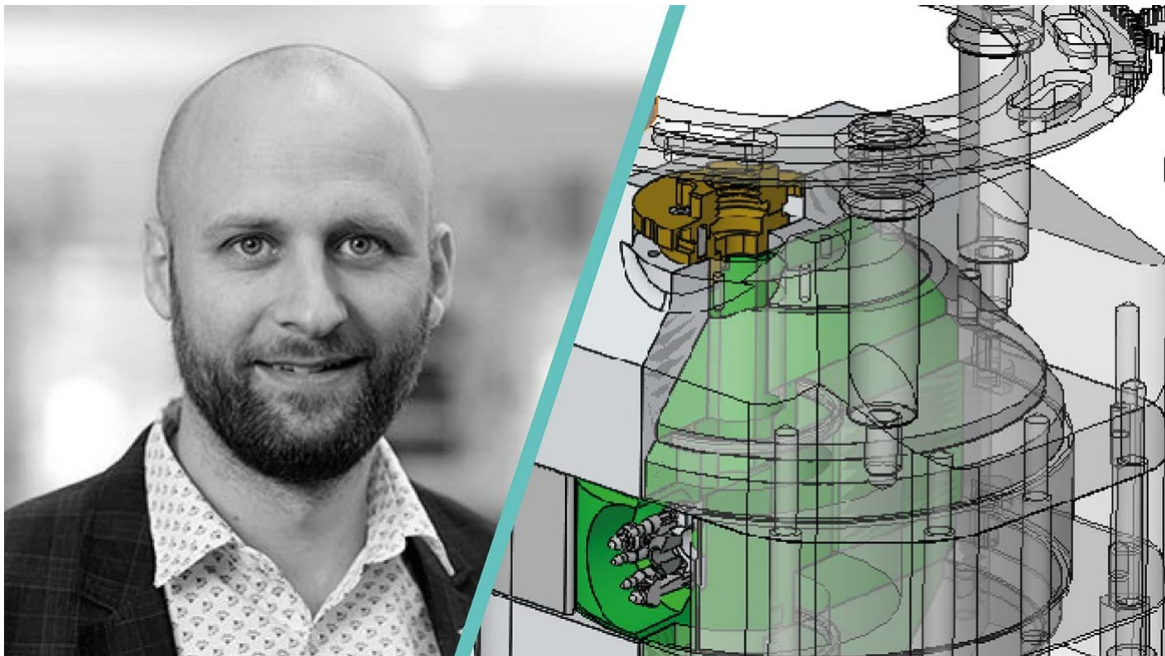

The order, a build-to-print project, concerns production, cabling and assembly of five power converter racks, built according to CERN's specification. [Read more](#)

### Member video pitch: AQ Group

We encourage all member companies to record a video pitch, just as the AQ Group has done.

Please contact [Frida Tibblin Citron](#) to set up a meeting for the recording.

## Specialist expertise in processing of exotic materials led to CERN order

Our member company, 2B Best Business, has received its first order from CERN, likely to be the first stage in a rewarding collaboration with the facility. Congratulations 2B Best Business!

The image shows the cover of 'The Swedish Guide' for Big Science Suppliers and Partners in 2021. The cover features a collage of scientific and industrial images, including laboratory equipment, a person working, and various scientific structures, all overlaid with a teal and purple geometric pattern.

## The Swedish Guide

Big Science Suppliers and Partners • 2021

## The Swedish Guide 2021 – time to update your information!

Last year's edition, an extensive publication of 356 pages, featured presentations of no fewer than 208 companies with the capacity, skills and expertise to supply solutions to leading research facilities. The 2020 Guide also featured 69 Swedish academic contributions. We are now starting to work on the 2021 edition. [Read more](#)

## Upcoming activities

### Meet FAIR at Big Science Morning

**4 February 2021** • An update about FAIR procurement needs. Presentations by three FAIR representatives: Dr. Sonia Utermann, In-kind and Procurement, Dr. Faraz Amjad, Design and Planning Engineer in the Super-FRS RH team, and Christos Karagiannis. [Register](#)

### Remote ITER Business Meeting

**7-8 April 2021** • EPICS is open source software that enables industries to integrate and develop industrial automation control systems. Don't miss this chance to find out more about EPICS and how the software can benefit your company. [Read more](#)

### Big Science Business Forum: Third Webinar

**18 February 2021** • How industry and research infrastructures can innovate the Big Science Market. The third Big Science Business Forum Webinar, 'How Industry and Research Infrastructures can Innovate the Big Science Market: The BSBF Technology Transfer Track', will be held on 18 February 2021. [Register](#)

### BSBF2021 in Granada • Europe's largest Big Science event

**28 September - 1 October 2021** • BSBF 2021 is a business-oriented congress that brings together all the European research infrastructures focused on technology. The aim of the congress is to be the main meeting place for research infrastructures and industry. [Register](#)

## BigScience@ Workshops

During 2021, we will be arranging Big Science@ workshops together with some of the leading universities and research institutes in Sweden. The first will be Big Science@LU on 15 April, with Lund University. [Read more](#)

## BigScience@LU 2021

Thursday, 15 April 2021 • Partner Event •

This promises to be a day filled with inspiration, networking, and ecosystem building, involving the research community at Lund University, Big Science facilities, and Swedish companies. [Read more](#)

## Welcome to Big Science Sweden

A warm welcome to three new companies that have joined the Big Science Sweden network.
